

GESELLSCHAFT DEUTSCHER CHEMIKER

- Local Association Darmstadt -

GDCh Kolloquium of the Summer Term 2021

The talks will take place, unless indicated otherwise, on Tuesdays **Tuesdays online via Zoom with the indicated links:**

27. April 2021 14:00-15:00

Prof. Dr. Stefan Mecking

<https://tu-darmstadt.zoom.us/j/84129346799>

Universität Konstanz

Catalytic routes to main-chain functionalized polyolefins from plant oils for closed loop recycling and degradability

11. Mai 2021 14:00-15:00

Prof. Dr. Sven Schneider

<https://tu-darmstadt.zoom.us/j/81454497916>

Universität Göttingen

Perspectives for Homogeneous Nitrogen Fixation

25. Mai 2021 15:00-16:00

Prof. Dr. Bradley Pentelute

<https://tu-darmstadt.zoom.us/j/86406815464>

Massachusetts Institute of Technology Boston

Rapid response technologies for protein manufacturing and drug discovery

8. Juni 2021 15:00-16:00

Prof. Dr. Angela Koehler

<https://tu-darmstadt.zoom.us/j/87952644862>

Broad Institute of the MIT and Harvard University, Boston

Attenuating Oncogenic Transcription with Small Molecules

22. Juni 2021 17:00-18:00

Prof. Dr. David Baker

<https://tu-darmstadt.zoom.us/j/84373324948>

Washington University, Seattle

The Coming of Age of De Novo Protein Design

6. Juli 2021 14:00-15:00

Dr. Kerstin Schierle-Arndt

<https://tu-darmstadt.zoom.us/j/81182380281>

BASF, Ludwigshafen

Battery recycling - Closing the loop in e-mobility

Prof. Dr. Felix Hausch, Technische Universität Darmstadt

Chair of GDCh Local Association Darmstadt

Alarich-Weiss-Str. 4, 64287 Darmstadt

Tel. +49 (0) 6151/16-21230, Email: felix.hausch@tu-darmstadt.de
